My maternal grandmother is \_\_\_\_\_ than 90 years old. She has seen it all. She \_\_\_\_\_ in the big city of Accra during her formative years and \_\_\_\_\_ for over 30 years living in the city, but now she's retired and living a \_\_\_\_\_, peaceful life in the village. She \_\_\_\_\_ with me words of wisdom and so many \_\_\_\_\_ from her life. I truly, deeply love my grandmother because she always helps me find a way, even when I am in the biggest of \_\_\_\_\_. The thing that fascinates me about my \_\_\_\_\_ is how she manages to stay strong and go about her \_\_\_\_\_ like an average \_\_\_\_\_. At her age, she looks healthy and \_\_\_\_\_ her normal duties every day. What a \_\_\_\_\_ old woman.
