<p>Hello everyone. My name is Gian, and I'm from Brazil. My question right now is, if I like to wear jewelry.</p> <p>Well, probably not. I do wear my wedding ring. That is very special to me. My wedding ring, it was actually given from my grandparents to my parents, and now me and my wife, my wife and I, use them. So, they are over 70 years old, seven-zero. So, it's a long time, and have their names here. That's probably my only jewelry that I use often.</p> <p>I'm very mystical and spiritual person. So, every so often, you see me wear a crystal, or a bracelet with different stones, but yeah, not very big into wearing anything. I'm all about being comfortable. This is my workspace, so I'm always wearing really comfy clothes. The older I get, I'm less and less worried about how do I look to people. So, I'm always using sweatpants and all of that. So, I think I would say probably, no, I do not like to wear jewelry. All right, guys. I hope to see you next time.
